A VISIT TO WINY & GUY NELISSEN OF GENK With Ken & Sue

Genk is a town in the province of Limburg and is situated in the North East sector of Belgium and is about 80km from Brussels. It's there that Winy & Guy are racing their family of pigeons close to one of the biggest top soccer clubs of Belgium: KRC GENK.

Last year, in an earlier edition of "The British Homing World's Pigeon Racing Gazette", I wrote about that Nelissen family had invested in pigeons for the longer distance 500km and up. Now a year later they have had very positive results in spite of the difficulties relating to the different sections to make good prizes.

On the first provincial race of this year knowing that their pigeons were in excellent condition. They took the 1st and 2nd prize out of 695 pigeons on the Gien race (421km). In the same race they were also 15th (Guti) and 20th (Helios) Provincial out of 6,328 pigeons. After this race they kept up their performances with for example:

1st Gien, 1st Melun, 1st Nanteuil, 1st Gien, 1st Vierzon, 2nd Bourges, 2nd Gien, 2nd Laon, 2nd Nanteuil, 2nd Melun, 3th Laon, 3th Gien, 3th Vierzon, 3th Gien.

In July the pigeons were outstanding for them as on the 16th of July, their pigeon ring number 04-5112546 (Olympia) had won the 2nd Provincial JARNAC (725km) out of 2,138 pigeons. She also won the 4th Semi-National JARNAC out of 5.005 pigeons. The father of Olympia is a Jan van de Pasch pigeon and the mother E. Limbourg pigeon. a pedigree enclosed).

At the same Jarnac-flight, the Nelissen-family were also 153rd Semi-National out of 5,000 pigeons with (2 prizes from 4 pigeons), and 78th Semi-National and 446th Semi-National out of 3,702 Old pigeons (2 prizes from 2 pigeons).

On the 23th of July they had another excellent pigeon a youngster 05-5168503 (Iron Lady) who was 1st Provincial CHATEAUROUX (541km). She also won the 2nd Semi-National CHATEAUROUX out of 1,503 pigeons. The week before this she was 5th from Orleans (433km) from 325 pigeons and was also 272nd in the Provincial out of 7,797 pigeons. The sire of this pigeon is a Jan van de Pasch pigeon and the dam is from the Nelissen family's pigeon which originate from their best friends Frans & José Lodewijkx-Scheers of Beerzel. pedigree enclosed. Next year they will put this hen with "BONO". A direct Klak cock a son of
