**Derek Vincent of Axminster
YB - 1st Open 1st Section B**

CSCFC & BBC OB

**Prilly & Gary Hodges of Templecombe
1st Open 1st SW Section & 1st Section C**

For the first young bird and old bird races the British Barcelona Club and Central Southern Classic Flying Club were combining for the trip over to Guernsey with 2,275 young and old birds. On Tuesday the two Race Advisors and Weather Advisor Mark Gilbert, Clive Merrills and Steve Appleby were looking at the up and coming weather forecast for the weekend and it was not looking good for the Saturday liberating from Guernsey. The wind was showing a force 4 East North East with the chance of rain in Guernsey by late morning, with Sunday predicted to be even worse. To avoid possible holdovers for the youngsters and old birds it was decided to go with a liberation on the Friday.

(Race & Weather Advisors) - Sorry about the delay as the airport clearance was necessary. The BBC & CSCFC birds were liberated at 11:50 under mainly blue skies. Winds at the site were strong from NE. The channel is clear and visibility is good.

Thank you to all our marking stations and helpers for your hard work, just one more race marking to go now on Thursday 12th September Fougeres YB/OB.

All positions are provisional

YOUNG BIRD REPORT

BBC - 1st Open 1st Section B Derek Vincent of Axminster. I was over the moon with my 1st Open Guernsey YB win, this being my second National win with the BBC.

The winning bird is a Blue cock raced to the perch on the Natural system, he was bred from Mealy Van Den Bulck cock, gifted to me by club member Richard Goodier. His Sire was "Blauwe Strik" and Dam was "Golden Girl" multi Fed winner and nest sister to "Roede Richie" 4 x 1st Feds and super breeder.

The Dam of my winner was gifted to me by Simon Cordery and is Steve Maylett Lambrecht x Chris Stevens VDB. My birds are raced on a weekly basis with the "Three Counties Classic Club" which is a super club as such with over 180 members. It provides superb racing and the membership spreads 40 miles wide and 100 miles long. Thanks to all the helpers at the marking stations and Clare Norman for all her hard work.

CSCFC – 1st Open 1st NE Section Shaun Saunders of Didcot. I am speechless with this result.

To think we have only been racing for 3 years and this is our 2nd full year, it's been hard going as we have 6 children but we have loved every minute of it.

All my young bird team went to new homes.

1 day prior to basketing of the guernsey race I left myself with 12 birds which 6 was breeder buyers and 6 of my own pigeons we weren't going to race at all as unfortunately we are taking some time out so I can spend some more time with my boys and partner and it isn't a cheap sport to do.

Moving on, the 12 birds I had left in the loft I decided it would only be fair to the breeders of the pigeons I brought to have a chance at winning some money so decided late Wednesday evening they was going with the classic. So Thursday morning comes it was still a little too dark to feed the pigeons so asked my partner if she would feed them once it got a little lighter and crate them up for 8:30am to be collected by my good friend Venky Rao as I had to leave for work at 6:30am.

A little later I get a phone call from my partner to say she's crated the birds but there's one breeder buyer ring wrong on the list it's an N ring not an X ring. I said no you must be seeing things it's an X ring but she was right it was a N ring. I soon realised I had sent the wrong pigeon out as both rings ended in 81, so I told her to cross the other ring off and add the N ring pigeon.

Moving onto race day, the birds have been liberated I'm sat in the garden waiting I'm looking between two trees and I can see a bird approaching very quick I jumped bang on the trap she was. She collapsed for a few seconds then went into the trap onto the pad so I walked up to my clock first thing I see was the 81 on the end and laughed and said to my partner your never guess what that's the bird that should of went Wednesday to new owner. We had a right laugh saying wouldn't it be funny if we won the Classic with that pigeon that shouldn't of been here.

Later on that evening went to the club printed my clock of not knowing the results and on the way back home I looked back on the Classic website and see it says well done Shaun Saunders on winning. I couldn't believe, it tears soon ran down my face. A story I will remember forever.

We trained our young birds very hard up to 60 throughout the young bird season to keep them on edge and in the game, we don't separate our young cocks and hens their left to do as they please in the loft. If they want to pair and sit eggs I leave them to it, it keeps them happy. We use fast & fancy and cool racer from Bamfords with the young birds when racing and use Cest Pharma products which puts my birds in excellent condition for racing.

I would like to say a couple of thank yous to Venky Rao for taking my pigeons to the marking station at Steventon. A massive thank you to all involved on getting these races put in place and making it possible.

A big thank you to Cest Pharma for sponsoring me this year, I must say their products are first class and keeps my pigeons in top condition by far the best products on the market for me.

A massive thank you to my good friend and training partner Mark Brown always there when I need a chat on Facebook or advice, without him keeping me going this year I wouldn't of sent to this race and had the pleasure of winning.

The parents to my winning hen was a co breeding with Mark Browns cock bird that was by Micky Collins and brought from Mark Walker.

My hen was purchased from a OLR that was 9th and was bred by Roskel/Williamson. We only had one round from this pairing and already have a big winner from them.

Derek Vincent

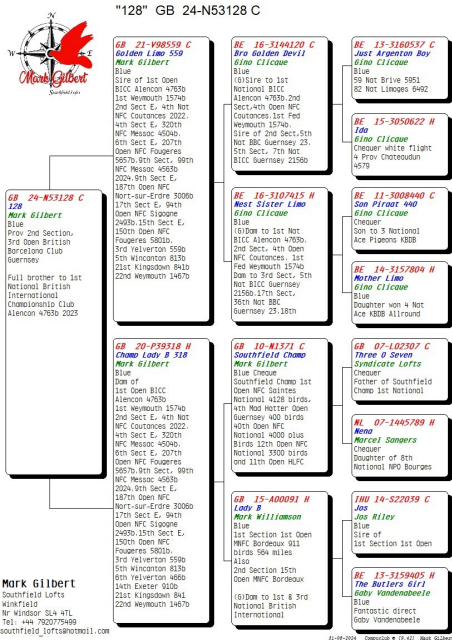

Shaun Saunders & Family

BBC/CSCFC – 2nd Open 1st Section D/ 2nd Open 2nd NE Section Kenny & Armstrong of Wantage. Our bird is a blue bar hen. Her breeding is a TJ Elzinga x De Kruijf. She has had 2 club races from Wincanton and Honiton, before this race and was sent sitting 5 day eggs.

Eamonn Kenny

Roger Lowe

BBC – 3rd Open 2nd Section D Mark Gilbert of Windsor. Firstly, we would like to congratulate the winners of the races. Yesterday we raced with the British Barcelona Club from Guernsey and with a strong northeast wind it turned out to be a tough race for the youngsters.

We had 5 come together in just over 4 hours to provisionally score 2nd Section, 3rd Open.

The first through the trap was as a full brother to '61' our 2023 1st National BICC Alencon winner.

'128' is a grandson of Gino Clicques 'Bro Golden Devil' x 'Nest Sister Limo' and 'Southfield Champ' 1st National NFC Saintes & 'Lady B' 1st Open MNFC Bordeaux for Mark Williamson.

Of the 5 that dropped Bro Golden Devil', 'Nest Sister Limo' & 'Lady B' were grandparents of 3 of them.

We had just over 50 percent returns yesterday but they have started to drop in this morning.

CSCFC/ BBC – 3rd Open 3rd NE Section/ 4th Open 3rd Section D Roger Lowe of Reading. I'm surprised how the race turned out to be in a NE wind I didn't expect to do so well being in the NE section in the Classic. I sent 4 old birds hens which live with the y/bs. My first old bird is a direct from NFC National winner from Sigogne the Main Son who is a son of the Main Man winner of 2nd and 3rd Open NFC Sigogne. The dam is Fabulous Harry a direct Jan Hooymans a double granddaughter of his Harry.

Sending 15 young birds some on their first race of the season some on their second, I have 11 home on the day and one the next day.

My first bird which was my first bird last week from the same race point is of a double grand son of Mark Gilbert's Southfield Supreme which has now been returned to mark.

The dam is She A Star which won 1st Section NFC 11th Open against the wind in 2016. She is bred from My Little Diamond also a winner of 1st NFC National in her only race ever, she being the dam of Main Man.

I would like congratulate the Committee for making a wise decision on an earlier liberation day as the weather looked bad the next day. This season I've been using the CEST pharmacy products which I have found to be very good with a large selection.

CSCFC – 4th Open 1st NW Section Chris & Jane Howse of Devizes. We are pleased to be provisional first section fourth open Classic Guernsey. Our hen we timed has been raced with the West of England Combine weekly, with training as well.

Her breeding is 100% Syndicate Lofts, the sire is a son of Broncho and the dam is already proving her worth as she is the dam of 12th open Sigogne National this year, she is a daughter of Proper Rik. We also had another bird close behind and that should be second section! We had half of our entries home on the day and more since then!

All our birds are raced on the darkness system and fed on Versa Laga corn!

Chris Howse

Graham Clift & George Harding

BBC – 5th Open 1st Section C Graham Clift & George Harding of Tirley. Our stock loft consists of predominately long distance pigeons so to be more competitive in short and middle distance races we sourced pigeons mainly from top local fanciers.

Since their introduction these birds have won the Severn Valley Federation on several occasions and performed well in the section in shorter channel National races.

The Guernsey YB race was a real test for the birds facing a NE wind, our first bird provisionally 1st Section 5th Open who's sire is from a 1st Midland National when paired to a 4th Midland National winner.

A Dirk van den Bulck x Theelans both raced by our club mate Paul Hyatt the dam bred by Andrew McFenton of Swansea from a son of De Caprio x Joy hen.

Congratulations to all section and open winners on a hard day of our entry we had 3/6 on the day none since.

CSCFC/ BBC – 5th Open 1st SW Section/ 7th Open 2nd Section B Mark & Julie Gower of Fordingbridge. Well done to Shaun Saunders and all the section winners who timed on a tough days racing. I had two birds come together out of the North.

The first over the pads was a bird I purchased in the Watchfield triple chance breeder buyer race and bred by Darren Baker. A lovely well balanced dark hen that went to the first part of the triple chance last week from Yelverton where she was off the pace.

It obviously set her up well for this race as made easy work of the NE wind and picked up the 1st prize money in the BB race.

My second pigeon one second later was a half brother to last year's winner from the same race.

The sire who bred last year's winner is from Jimmy Newall from his Pitbull cock x The 963 when paired to a hen that I purchased this year from his stock cock called Fury.

My birds are raced on the darkness system but left together to pair up how they want & I feed Countrywide corn.

Mark Gower

Martin Williams

BBC – 6th Open 2nd Section C Martin Williams of Hereford. Firstly I would like to congratulate Derek Vincent on his win and also my club mates Graham and George for taking 1st section.

My 2nd section winner is a blue cock flown on the darkness, motivated by showing to a young hen. His breeding is my old family x Roodhoof. My returns were 50% in a trying race.

CSCFC – 6th Open 2nd SW Section Clive Harrison of Dorchester. Flying 86 miles from Guernsey being one of the shortest members in the Classic Flying into a NE wind is always a challenge to any bird as it turned out to be a different race especially for young birds first time over the Channel, sending 10 birds timing 5 on the day 1 next morning 6 home out for 10.

I would like to congratulate all members that timed young birds in race time, all young birds are raced north with the Dorset Fed all YBS have had every race north to Stratford on Avon plus the comeback races. Young birds are then turned to race the channel, they are fed on a barley mix from the local farm with a widowhood mix prior to race basking.

The pigeon I timed is Blue cock flown to the perch, his origin sire Miricle lines of J & D Staddon Dam UnBreakable x Indy J & D Staddon.

CSCFC/ BBC – 7th Open 1st SE Section/ 9th Open 1st Section A Nick Wilson of Portsmouth. Well done to all the winners on a hell of a hard day! The pigeon is a Vandenabeele x Jos cools, the cock it's out of is from Jason Ross stock and the hen is a bird I paid quite a bit of money at Blackpool when I was still drunk from the night before. I tried her with another cock bird last season but put her back with the Vandenabeele cock and it's paid off.

Clive Harrison's Cock Bird

Nick Wilson's cock bird

BBC – 8th Open Steve Buckle of Northwood. Steve timed a chequer hen at 16.34 doing a velocity of 1070yph.

CSCFC – 8th Open 2nd NW Section Stuart Wilcox of Bristol. We timed a Pencil Blue W/F cock on only his 3rd race of the season. Earlier in the year I had a knee operation which has been a disruption meaning I missed the first few weeks of the YB season with a family break. His breeding is a mix of Alfie Hawthorn Olympic Rachel lines and a sister of El Salvador 1st National ACE WHZB Vitesse from Buck De Kruijf x a dtr of Alex from Koen Minderhoud bred together with Dominic Clark, Alex is a son of Neuwe Turbo, a full brother to our Champion Miss Turbo. All the birds are fed on Verkerk Sport and Verkerk Light from Beyers and Countrywide Corns plus Zell Oxygen and Condition powder.

CSCFC – 9th Open Derek Taylor of Midsomer Norton. My bird was a gift pigeon from my good friend Nigel Templar. Her dam is a Karel Leanen, daughter of Tarzan sire of Pit Bull Queen. The sire Cuelemans from George Bristow.

Stuart Wilcox

Derek Taylor's hen

BBC – 10th Open 1st Section E Dave & Kyle Harris of Newport. Dave is holding the first bird timed on six and a quarter hours, she is from a new pair that we brought into the team over the last couple of years, the sire being through New Kittel and Remco lines and the dam being through top pigeons such as Kittel, Gold Dust and Lincia, the dam was purchased with our good friend Craig “Chet” Chetwood after it was realised we were bidding against one another. The pair have certainly hit it off as a brother has scored three times in the Bell Flying Club in the Gloucester federation this year as a young bird.

The second bird held by Kyle on the left is also from a new family, these being a fantastic find by another good friend and advisor Kevin “Carrot” Doley from Mark Simpson of Wolverhampton, she is from Van den bulck X Lambrechts lines and these are certainly showing through this year, after being introduced over the last two or three years, her dam has bred winners with two different cocks, including one that has won four firsts (including a hat trick) in the strong competition in the Bell (Tong) Flying Club.

Thank you to all the BBC officials who work tirelessly throughout the season, another great year, and Team Aurel for hosting the marking station at Ironbridge, which makes racing in the BBC accessible for the northern flyers.

CSCFC – 10th Open Ven Segesdy of Didcot. The young bird I timed is a blue and is closely related to my Bordeaux winner, his brother went last week to Guernsey with the BICC and I had him only 10 minutes behind the first two.

Kyle and Dave Harris

CSCFC/ BBC – 2nd SE Section/ 2nd Section A Jimmy Wearn & Erik Neilson of Ramsdean. Jimmy and Erik timed at 15.26 one of their German rung youngsters.

Jimmy Wearn & Erik Neilson

Dave & Lee Bastone

BBC – 1st Section J Dave Bastone of Althorne & 2nd Section J Lee Bastone of Burnham on Sea. Firstly we'd like to congratulate all the winners, Dad's first bird was bred by myself from a Will & Falco Ebben x grandchild of the Portugal pair and Thomas Six of Peter Fox bloodlines. All our training this year was done together by Micky Watts. This was going to be no easy race because the wind was against us but we put the work in and was confident that we would get them. I had two pigeons together mine was Ramario Thomas six from Mike Ganus x with a Will & Falco Ebben bloodlines, again my next pigeon was from Blue Spidey x Lincia Spider-Man lines which I obtained from Peter Fox and Stormant lofts.

BBC – 2nd Section E Graham Jones of Cannock. The pigeon timed is Gert Heylen, fed on Versa Laga young bird and raced in the Wolverhampton Fed and Worcester Fed.
Congratulations to the winner and section winners.

BBC – 1st Section G Dave & James Novis of Brighton. The youngster we timed to win the Section is a blue hen raced on Natural which we purchased from Lier Market in Belgium.

Graham Jones

Dave Novis

BBC – 2nd Section G Clive Turner (D Turner) of Capel. GB24C00110 blue w/f hen of medium size, bred from two direct Dutch imports of the Jelle Jellema family and purchased from Gareth Watkins in the closed season. 110 being one of my first from this pairing this hen has been raced ever week with the South Coast Fed up to the Guernsey race always putting in a good performance.

OLD BIRD REPORT

BBC/ CSCFC – 1st Open 1st Section C/ 1st Open 1st SW Section Prilly & Gary Hodges of Templecombe. The hen we timed to win the race is a Herman's Ceuster, she was sent sitting 10 day old eggs. At the end of the old bird season we paired the hen's up for the any age race's, this hen took a cock but would not go into his box and laid in the Sputnik, I would normally throw the eggs out but because she took a long time to lay. The other hens we sent were on babies, I put a bowl in the Sputnik because she was in the Sputnik when the pigeons went out to exercise she would be aggressive when pigeons got too close to her. 3 days before basketing I moved the bowl to the back of the Sputnik the birds would then drop down beside her after exercise, this didn't go down well with her this may have motivated her who knows. The sire of this hen is a gift from our friend Miroslaw Chwedoruk from his Eijrerkamp pigeons, the dam was from Paul Titcomb and bought at Glastonbury breeder buyer, she has been one of the best hens we have ever owned.

We would like to thank all involved in the race, although a hard race the hen came home in good condition.

Prilly Hodges

John and Dave Staddon

BBC/ CSCFC – 2nd Open 2nd Section C/ 2nd Open 2nd SW Section Dave & John Staddon of Ditcheat. Firstly we would like to congratulate our club mates Gary & Prilly Hodges on their win in the OB races with the BBC and the Classic and all section winners. We sent two hens and timed both with the second pigeon likely to be top 12. They are full sisters and both yearlings. The second open hen is called "Wild Thing" as you may guess she is not quiet to catch. Nevertheless, she is a very good hen. She has already won 1st WESRC 1532b, 2nd WESRC 1023b, 6th WESRC 1520b, 1st club 1st club 2nd club and now 2nd Open BBC & Classic Guernsey. She was sent sitting a 5-day-old baby. We hope to send her to the NFC Falaise race next. The hens are both bred from our Star Breeders Senna x Miss Prost both bred by John Gladwin and John Cowlin and from the Frans Zwols Blood line with Senna being a full brother to The Maltese Falcon 1st NFC National. This pair are churning out winners for us.

BBC/ CSCFC – 3rd Open 1st Section D/ 3rd Open 1st NE Section Roger Lowe of Reading. (See young bird report).

Trevor Booth & John Roper

BBC/ CSCFC – 4th Open 3rd Section C/ 4th Open 1st NW Section Trevor Booth & John Roper of Tewkesbury. Trevor and John’s first pigeon was a yearling hen feeding a 10 day old youngster. She has been very consistent for them this season. She was purchased at a fundraiser for the Severn Valley Federation, being donated to the event by Clift and Harding. She has been a bit of a madam having chosen 3 different cocks to pair to, and they think she already is eyeing up another one. She is definitely a bit of a character and she is very much at the top of their favourites list. It was a good race for the hens they sent and several hopefully will take good positions. In both the BBC and CSCFC

The first hen is Provisionally 3rd section, 4th open in the BBC. And provisionally 1st section, 4th open in the CSCFC. Trevor and John would like to thank the marking team at Steventon and the Secretary for all their hard work and dedication.

BBC – 5th Open 1st Section E Team Aurel of Ironbridge. “When the Going Gets Tough, the Tough Gets Going” Oh what a race! We knew it was going to be hard, but we did not expect to be that hard. Our winning pigeon called Norman being the first pigeon over 200 miles, currently sitting 5th National Old Birds and 1st Section E.

I dedicate this win to our friend Stewart Reed as the first 3 pigeons are bred by him from the famous old bloodline of Southwells that he kept uncrossed for many years. Few years ago we looked for genuine pigeons that have been to Tarbes many times and we discovered this loft of Stewart Reed . What we liked the most is that Stewarts carried on raising the pigeons in the same way as Norman Southwell: they lived a semi wild existence for most of their lives, enjoying an open loft for 24 hours a day 365 days a year. During this time they could come and go as they pleased and roamed for miles often coming back from the beach with seaweed around their feet. A further dominant characteristic of the original Southwells was their temperament. To say that family members were highly strung or “flighty” would be an understatement as many of the best were “as mad as bats”. They often nest on the floor and have a mind of their own. Very annoying at times, but there is something special about them.

Thank you Stewart! Here are our first 3 pigeons 1st, 3rd section, 4th Section E – all bred by yourself. They are mad as bats, but when the going gets tough, the tough gets going.

Team Aurel

Phil Boden

CSCFC – 5th Open 2nd NW Section Phil Boden of Frome. GB21L41089 Blue White Flight Hen

This hen has been a very consistent pigeon from a young bird and has flown the channel ten times in a number of races, from Guernsey to Tarbes. Previously she was 71st Open Guernsey out of 5000 pigeons with the BICC, 4th West Section BICC Guernsey.

She is fed on Versele Laga Depruative and 50% Bamfords Treetops Breeding Supreme (Mark Gilbert's mix). She was bred by D Atkins of Lincolnshire.

CSCFC – 2nd NE Section Ven Segesdy of Didcot. My two year old hen is a dark chequer, spare hen not raced much a Jan Arden.

BBC – 1st Section G Lance & Graham Gunn of Southwick. A big thank you to Clare and the conveyors on looking after the pigeons. Our first and second birds are nest mates. They are Leo Herman x Pitbull. They came to together and are bred by ourselves, Lance and Graham Gunn. Our 3rd bird is a Vandenabeele bred by Kevin Gillam of Croydon.

Graham, Lance & Jax Gunn

Nigel & Wendy Shaw

BBC – 2nd Section D Kenny & Armstrong of Wantage. Our old hen is a yearling Mealy which has been a very consistent bird for us this year.

BBC – 2nd Section E Nigel & Wendy Shaw of Crewe. For the Guernsey race we sent just one old hen & two young birds, it turned out to be a very tough race we timed the old hen to be 2nd section 10th open. She has been a very reliable pigeon for us being bred from D Sara's Ceusters.

We would just like to congratulate all who timed especially the winners.

BBC – 2nd Section G Mick & Lyn Chaplin of West End. I congratulate the winner of this hard race. We sent 13 Old Hens who were having their second race of the season after the BICC Guernsey last week. We had 2 hens drop together both sitting 14 day eggs and a further 8 later on. The YB race proved difficult with only 2 out of the 10 on the day.

BBC – 1st Section B Lee Hopkins of Blandford. My first section winner is a 3 year old blue white flight hen, bred from my race birds with Staf van Reet lineage. She's never been an outstanding performer, but stayed in my loft because of my penchant for blue white flights!

However, she put in a gutsy performance on what appears to be have been a very difficult day and now I have a BBC section win to my name.

Congratulations and well done to Mr and Mrs Hodges and to all the other winners and many thanks to Clare and the team for all their hard work and dedication. I would also like to thank my Dad for all his help, as always, and for taking the birds to Paulton for me.

Mick & Lyn Chaplin

Lee Hopkins

BBC/ CSCFC – 1st Section A/ 1st SE Section George Willett of Fareham. Chequer White Flight Hen GB23N08971 bred by myself with Roger Lowe x Rod Berry bloodlines. Previous performances are: Newbold Verdon 1st Club 6th Fed 20/08/2023, Stratford upon Avon 1st Club 3rd Fed 16/09/2023, BICC Alencon 26th Open 11/05/2024 and now Guernsey BBC/ CSCFC 1st 30/08/2024.

BBC/ CSCFC – 2nd Section A/ 2nd SE Section Nigel Rigiani of Salisbury. Firstly I would like to congratulate the winners and section winners in both clubs in what turned out to be a stiff race for all.

The details of GB 23 N 19982 are:-

GB 23 N 19982 is a last year's late bred and this was her first time over the water, she was sent on her first round of chipping eggs.

The sire of this hen was bought at the CSCFC late bred sale donated by Tony Stephens of Poole down from his Jan Aarden lines when x with a hen bred by Arty Baverstock from his John Halstead x with Mark Gilbert lines. The Dam is 100% Andy Parsons down from his well known cock called "Warpaint"

George Willett's Hen

Nigel Rigiani

BBC – 2nd Section B Mircea Cioc of Shaftesbury.

First of all I would like to congratulate Lee Hopkins for winning the section. 2nd Section Winner old hens been raced earlier in the season from the ybs section and for this race she was raced paired up. She was raced inland with the local club in preparation for this race. She is bred from a pigeon from Chris Gibson and a home bred pigeon from 2 pigeons bred by Cosmin Talas. Mircea sent 3 hens to the race and clocked 2.

3rd Section Winner ybs been raced with the local club and this time was his first race in the national.

He is home bred from 2 pigeons bred by Cosmin Talas from Oxford. The father is a son of Johnny, Cosmin's section winner from Saintes and 5th open National Flying Club.

The mother is bred by Cosmin from Arn and Rona. Arn son of National Ace Pigeon Long Distance in Belgium and Rona daughter of Ronaldo, National Ace Pigeon One Day Long Distance, and one of the best national pigeon in Belgium. She already bred me this year 1st and 2nd section national, 8th and 9th Open National Messac. Very promising breeding hen. Full sister with 1st Fed, 2nd Section national etc.
